Peppermint Pizza Balls
This kids favorite pizza snack

Ingredients:
- 1 pkg refrigerated pizza dough (about 1 lb)
- 1 cup pizza sauce
- 30 pepperoni slices, for topping
- 1 cup mozzarella cheese, shredded
- 1/2 cup parmesan cheese
- 1/4 cup butter, melted
- 1 tbsp parsley, chopped
- 1/2 tsp garlic salt (optional) (optional)
- 1/2 tsp oregano (optional)
- 1/2 tsp dried basil (optional)
- 1/4 tsp red pepper flakes (optional)

Directions:
- Preheat oven to 425°F.
- Lay dough out flat, and cut the pizza dough into 30 to 40 bite size rectangles, about 1½ by 2 inches.
- Spread the marinara sauce on the dough. Spring 1 1/2 tbsp of sauce. Sprinkle on the mozzarella and parmesan cheese.
- Fold the dough in half to form a triangle and pinch the edges together.
- Place a pepperoni slice on the top of each triangle and pinch the edges together. Place them flat enough, but not enough to leave no potential for the filling to spread out. If the edges are not sealed, the filling will spread out and burn.
- Place the triangles on a baking sheet. Brush the melted butter on the tops of the triangles. Sprinkle the garlic salt, oregano, basil, red pepper flakes and parsley on the tops of the triangles.
- Bake for 10 to 12 minutes, or until golden brown.
- Allow the rolls to rest and temperature for 10 minutes.
- Serve with pizza sauce for a golden and flavorful dipping mixture. Serve with extra marinara sauce for dipping.
